

Technical Data Sheet

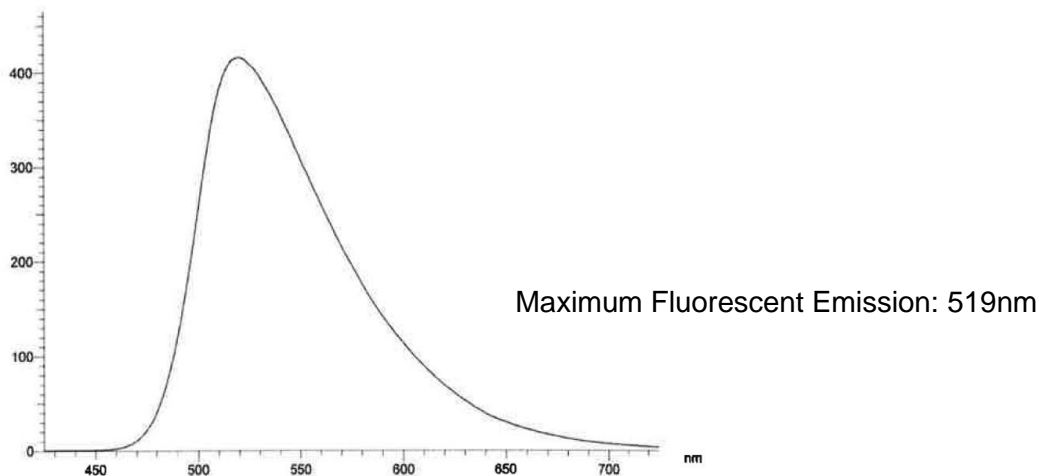

Endure EFL-17 – Lightfast Fluorescent Yellow

General Description

Endure™ Fluorescent Pigment is the latest innovation from the DayGlo Color Group. EFL-17 is a solid state fluorescent pigment with unparalleled brilliance and long-term durability. Endure Fluorescent Yellow offers formulators a unique bright yellow shade that exhibits a strong fluorescent response, an optical phenomenon that make this pigment ideal for safety applications. The bright, vibrant yellow hue can be used in decorative applications, anywhere you can envision the use of this fun and exciting hue.

Physical properties	
Color	Green Shade Yellow
Lightfastness	7-8 BWS
Bulk Density	0.25 g/cm ³
Density	1.7
Oil Absorption	46g/100g
Mean Particle Size	2.5 Microns
Maximum Processing Temperature	275°F

Fluorescent Emission Spectra
